

Magazines & Catalog Tower Competition **at Southwood Middle School**

Attention all students and staff, do you think your class has enough old magazines and catalog to build a tower taller than Southwood Middle School?

**From January 19th – January 29th, 2010,
bring in all of your magazines and catalogs to help your class be the top
grade-level winner.**

Magazines will be stacked along a wall within the classroom. Magazines will be measured during each grade-level exploratory class on January 29th. Once a classroom tower has been measured, the measurement is final.
